Product highlights

24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.

High-purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Braided shielding

Copper-braided reinforced aluminium shielding protects against signal loss and interference.

Colour-coded connectors

Colour-coded connections make it easy to install your cable into the correct inputs and outputs

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play

Plug and play offers easy installation of components without time-consuming installations.

Metal shell

The metal shell protects the internal connection of the cable. It ensures durability and reliability of your connection.

Flexible PVC Jacket

Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.
